Weather Forecast.

For North Carolina—Partly cloudy Wednesday, with colder in northeast portion; Thursday, showers and thunder storms, variable winds, becoming fresh southeast.

The ministers of Philadelphia are preaching morality at the city authorities. We fear the preachers commenced working at their jobs too late.

Mrs. Jacob G. Kooker, of Norristown, Pa., has had to put up $250 for whipping Miss Adele Baker with a yardstick because the girl went to her husband's drug store to flirt with him. However, we know that Mrs. Kooker gloats over the measure of satisfaction she got by using her yardstick on the audacious girl.

Former President Grover Cleveland recently made an onslaught on women's clubs and now Miss Susan B. Anthony has made bold to take up the cudgels against him. We give the disputants the assurance of our sincere neutrality but Mr. Cleveland will learn something to his advantage if he anchors any where in our three mile limit.

Charlotte is to have an old-timey horseback tornament in which costumed knights ride horses and take rings or lances. The successful knight crowns a "queen of love and beauty" but really there are such a host of regal girls in Charlotte we don't see how on earth a fellow could have the heart to discriminate by crowning any one of them queen. For that reason we will fight shy of entering the list of knights.

In Turkey men are stoned to death on account of their religion. In Chicago men are stoned to death daily or get their noggins pummelled into pulp because they are willing to work in the place of other men who threw down their jobs because thed had some kick coming. When the religious fanatic of the west reads about Chicago we think we hear them say "How the heathen rage" over such an ignoble thing as work.

LOCAL DOTS.

—Other Local on Fourth Page.

—Services at First Church of Christ, Scientist, this evening at 8:15 o'clock, Odd-Fellows' building, second floor. All are invited.

—Justice Bornemann on yesterday married Mr. Herbert Spencer, of Vantonia, Cal., and Miss Elizabeth Judge. The ceremony was performed at 10 o'clock in the presence of a few friends.

—The infant of Mr. and Mrs. W. H. Bullard, No. 407 Harnett street, died yesterday morning. The funeral was conducted at 10 o'clock and the remains were laid to rest in Bellevue cemetery.

—By deed filed for record yesterday J. D. Brown and wife transferred to Sallie M. S. Hicks, for $1,500 and other considerations, property at northwest corner of Fifth and Queen streets, 66x135 feet in size.

—Neither the local nor the New York spot cotton market was quoted yesterday. Local receipts were 814 bales against only two same day last year. In naval stores, 57 1-2 was bid on the local market for spirits of turpentine and rosin was steady at $2.90.

—Friends of Mr. and Mrs. W. C. Hewlett, of Greenville Sound, will sympathize with them in the death of their infant daughter, Ethel A., which occurred yesterday at the residence of Mr. George Branch, No. 1217 Market street, this city, where the child had been for treatment. The funeral and interment took place at 4 o'clock yesterday afternoon on Masonboro Sound.

THE MEMORIAL HOSPITAL.

Regular Mouthly Meeting of Board of Managers—New Annex.

The regular monthly meeting of the Board of Managers of the James Walker Memorial Hospital was held last night. His colleagues and the Board expressed delight at the return of Mr. Martin S. Willard, who has been travelling extensively abroad. Members present were Capt. Walter G. MacRae, presiding; Messrs. Wm. H. Sprunt, M. S. Willard, George R. French, D. C. Love and Sam Bear, Jr.

The business transacted was largely routine. The monthly report of Dr. Joseph Akerman, the superintendent, showed 1,199 days of treatment during the month; 42 admissions in the out-patient department; 96 dressings furnished and 46 ambulance calls.

The new annex is now practically ready for occupancy. Light are being installed and most all of the furniture will be here in a day or two.

Wagonette Party

The M. S. G. Baseball Team yesterday gave a very enjoyable wagonette party to Greenville Sound, complimentary to a number of lady friends. The colors of the club—blue and white—were everywhere in evidence, the girls wearing them in honor of their favorite team. The party was chaperoned by Mrs. Lacy and Mrs. Branch and consisted of the following: Misses Hattie Gardner, Mary, Annie and Alice Lacy, Esther Klein, Marguerite and Bessie Mills, Bessie Richards, Katie Yopp, Fannie and Mavet Hewlett, Daisy McIver, Addie Anderson, Annelle Branch, Lucile Smith and Lizzie Gardner; Messrs. C. F. Gore, Leo. V. Lacy, J. W. Lacy, Harry Keen, Harry Gardner, Fred Gerken, Clemmons Seifert, Borden Branch, LeRoy LeGwin, Albert Beach and William Ittner.

Pender Citizen Dead

Messrs. F. P. and W. H. Lamb, of this city, yesterday received a telephone message from Mr. Tom Bordeaux informing them of the death of their uncle, Mr. Henry Lamb, which occurred at the home of Mr. Bordeaux at 10:10 o'clock the same morning. Mr. Lamb had reached a very advanced age and had for many years been a patient sufferer with some chronic disorder. He was a well known citizen of Pender and his loss in the community will be deeply felt. Mr. Lamb leaves no immediate family. The funeral will be conducted at 2 o'clock this afternoon, and the interment will be near the home of the deceased. The Messrs. Lamb will leave this morning to attend the services.

Unfurled the Flag.

With appropriate and patriotic exercises, the flag recently presented, with a handsome Bible, by the Jr. O. U. A. M. to the Wilmington High School was hoisted at the building yesterday afternoon at 12:30 o'clock. The children were present in large numbers and joined heartily in the singing and other exercises incident to the occasion. Mr. John Jay Blair, superintendent of the public schools, made a brief address thanking the order for its patriotic gift, and at Mr. Blair's suggestion, the boys gave the "Juniora" three hearty cheers.

CONFEDERATE DEAD

Patriotic Daughters, Veterans and Military Will Honor Their Memory To-Day

THE EXERCISES AT OAKDALE

Address By Rev. N. M. Watson—Designated as a "Holy Day" Rather Than a Holiday—Procession and Order of Service.

The ladies of Cape Fear Chapter, United Daughters of the Confederacy, with the co-operation of the Veterans' Committee, have completed all arrangements for an elaborate and most befitting observance of Confederate Memorial-Day in Wilmington this afternoon. The Daughters of the Confederacy prefer that the day be observed rather as a "holy day" than as a holiday and to that end a most impressive order of services has been arranged. The exercises will take place at the base of the Confederate monument in beautiful Oakdale cemetery and all allied Confederate organizations and the military will take part. Rev. N. M. Watson, the eloquent and beloved pastor of Grace Methodist Episcopal church, will deliver the annual address and every other feature of the exercises will be a fitting tribute and sacred to the memory of "Our Confederate Dead," the graves of whom ere the hour for the memorial approaches will have been strewn with beautiful flowers from loving hands.

The memorial procession will form promptly at 4 o'clock at the lodge in the cemetery and the following order will be observed:

President and Superintendent of Oakdale Cemetery.
The Wilmington Light Infantry in command of Capt. Wm. F. Robertson.
Wilmington Division of Naval Reserves, in command of Lieut. H. M. Chase.
The Boys' Brigade in command of Col. Walker Taylor.
The Confederate Veterans, in charge of Commander James I. Metts.
George Davis Camp, Sons of Confederate Veterans.
Dr. W. D. McMillan, chief marshal and staff, composed of Dr. J. E. Matthews, Capt. Walter G. MacRae, Capt. L. S. Belden, Sergeant Major R. F. Hamme, Capt. Owen Fennell, Capt. A. D. Brown, Capt. John H. Hanby and Capt. Jesse Wilder.
Cape Fear Chapter, Daughters of the Confederacy and George Davis, Children's Chapter, U. D. C.
Members of the Choir.
The procession will move with solemn trend from the lodge to the Confederate lot and upon arrival there, the military will open ranks and the Daughters will pass through to seats prepared for them inside the enclosure. The procession will move promptly and all Veterans, especially the marshals, are requested to be there promptly at the hour named. The order of exercises will be as follows:

Prayer—Rev. A. D. McClure, D. D., Chaplain.
Music by the Choir.
Oration, Rev. N. M. Watson.
Music by special choir.
Reading of Roll of Honor.
Music—"Soldiers of Christ Arise!"
Presentation of Crosses of Honor.
Doxology.
Benediction.
Salute by military.

All members of Cape Fear Chapter, United Daughters of the Confederacy, George Davis, Children's Chapter, U. D. C. and all visiting Daughters of the Confederacy are requested to assemble at the lodge in the cemetery at 3 o'clock this afternoon for the purpose of taking part in the exercises.

Official notice to the other organizations who will take part in the services may be found elsewhere in the Star to-day. The public generally is urged to suspend business during the hours of the service, and to attend in as large numbers as is possible.

MAYOR'S COURT YESTERDAY.

Five Defendants at the Bar Yesterday —One to Roads.

An affray between Rebecca Jones and Jane McCall, colored damsels, who fought at Fourth and Harnett streets and were arrested by Policeman I. W. Skipper, was the most interesting matter investigated in the police court yesterday. The McCall woman appeared to be the aggressor, and was fined $5 and costs. Rebecca Jones was discharged.

James Telfair, colored, drunk and down, was brought in by Policeman A. D. Smith. He was taxed with $5 and costs.

Tom Branch greeted the Mayor for the first time in two years. He was given 20 days "for old time's sake."

Case of John Miles, colored, charged with disorderly conduct at the house of his landlady, was continued, the witnesses having failed to appear.

Funeral of Mr. Baskin.

The funeral of late James W. Baskin was conducted at 2 o'clock yesterday afternoon by the Rev. J. A. McKaughan, pastor of Brooklyn Baptist church, and the remains were laid to rest in Bellevue cemetery. A large number of friends were in attendance upon the services and several beautiful floral tributes were laid on the casket. The pall-bearers were Messrs. C. L. Spencer, Samuel Bordeaux, J. A. Karr and F. K. Hottal.

Schooner Ashore.

Wilmington tug boat owners were notified last night from Beaufort, N. C., that the schooner D. D. Haskall, 374 tons, Capt. Torey, from Georgetown, S. C., April 1st, to Norwich, Conn., was ashore 18 miles south of Ocracoke, on the North Carolina coast. She is in no immediate danger, and tugs have gone to her assistance.

OVER 150 CARS YESTERDAY

Strawberry Conditions Greatly Improved Except for Late Delivery—Distribution Yesterday.

While there is yet some complaint about the car famine and very general complaint about late deliveries on the northern markets, the strawberry situation throughout the trucking belt has been improved. The loss around Chadbourn will be immense, but the growers now entertain a hope that most of their transportation troubles are in the past. One hundred and sixty-one cars went through South Rocky Mount yesterday and an equally large movement is expected through there to-day from the number of cars which went forward from the belt last night. The distribution of yesterday's movement through Rocky Mount was as follows:

LADIES MATINEE TO-DAY.

"East Lynne" at Academy—To-Night, "Woman Against Woman."

Another fairly large audience greeted the Osman Stock Company at the Academy last night and witnessed an excellent production of "La Belle Marie." Miss Reicka was easily the favorite and captivated the audience with her charming stage presence and clever acting. As an emotional actress, she has not superior on the popular-price stage.

This afternoon at special matinee for the benefit of the ladies, the old and popular version of "East Lynne" will be presented with Miss Reicka as "Lady Isabelle." Doors open at 2:15 P. M. and the curtain goes up at 3 o'clock. To-night "Woman Against Woman" will be presented.

Committees at Work.

The various committees of the newly qualified Board of Aldermen are already at work with a diligence which augurs well for the present city administration. Chairman O'Brien, of the Streets and Wharves Committee, was yesterday accompanied over a part of the work by Superintendent Pickett, and later in the day Chairman O'Brien, Alderman Brown and Mayor Waddell took a drive out to the quarry to inspect conditions there. Chairman Rathjen, of the Fire Committee, yesterday visited all the stations of the Department, got acquainted with the laddies and make a personal inspection of the work. Other committees are also taking active interest in their several departments, and nothing but good can come of it.

Young Main Painfully Hurt.

Young Mr. Banner Smith, 18 years old, an employe of the Eagle Manufacturing Co., Eighth and Brunswick streets, suffered a severe laceration of the hand by having it caught in a buzz plane at the works yesterday morning. The tendons in the palm of the young man's hand were entirely severed. He was taken to the drug store of Mr. P. O. Hall, Fourth and Harnett streets, where Dr. R. H. Bellamy dressed the wound, and sent the patient home.

Body Not Recovered.

Although every effort is being put forward by his comrades of the W. L. I., his late employers, friends and members of the family who have arrived, no trace of the body of young W. A. Little, who was drowned at Wrightsville Beach Sunday afternoon, has yet been found. The search has in no wise been abandoned, and will not be for several days or until success crowns the efforts of the searchers. Another brother of the unfortunate young man arrived yesterday.

Salvation Army Workers.

A party of distinguished Salvation Army workers will visit Wimington Saturday. In the party will be Col. and Mrs. A. Gifford and Adjutant Hillman, of New York, Staff Captain Simonson, of Baltimore, and Mrs. Gifford, the wife of Adjutant Gifford, of Washington. An illustrated lecture will be given by Col. Gifford in the Y. M. C. A. Saturday night. The admission will be 25 cents for the benefit of the cause.

Took Charge Yesterday.

City Clerk and Treasurer John J. Fowler yesterday took charge of the affairs of his new office, and was cordially greeted at the hall by his many friends during the day. Mr. Fowler is not new to the work, having served most efficiently as assistant clerk and treasurer under a former administration, and the public knows that with Col. White and Mr. Fowler in charge, the affairs of the office will be well taken care of.

TWO SLIGHT WRECKS

Head-on Collision Between A. C. L. Trains Under Slow Speed Near Warsaw.

ACCIDENT ON THE SEABOARD

Noon Charlotte Train Did Not Arrive Until Near 7 O'clock—No Loss of Life or Injury in Either of the Cases.

Atlantic Coast Line southbound passenger train due here at 6 o'clock yesterday evening did not arrive until 11:40 o'clock last night, just ahead of the Charleston train due at 11:45. The cause was a head-on collision between No. 49 and Pick-up vegetable train No. 18, just outside of Warsaw, early yesterday evening. No one was hurt, but the pilots of both engines were smashed in and the front trucks of No. 49 derailed, making it necessary for a wrecking train to be sent from Wilmington at 6 o'clock, the track remaining blocked to traffic until 10:30 o'clock last night.

News of the wreck reached Wilmington early in the night and wild reports of serious injury to passengers and loss of life were abroad. There were many anxious inquiries at headquarters for news of the wreck, but every assurance was given, that while considerable delay would result, no one was hurt, and the train would be in at the earliest possible moment. When No. 49 came in under the shed last night, the locomotive was minus a pilot, but otherwise the train gave no appearance of having been a wreck. There were a large number of passengers aboard at the time of the collision, but beyond a bad shaking up, not one of them received a scratch.

Both trains met under slow speed as the one was coming in to the station and the other going out, else the consequences would have been far greater. The cause of the wreck is being investigated by the railway people. Division Superintendent J. A. Fountain and Master Mechanic A. B. Corinth went up on the wrecking train and personally looked after clearing the track.

Capt. Edgar L. Hart was conductor and Capt. W. C. Divine, engineer, of the passenger train, while Engineer Mann was in charge of the freight. Had the trains met 100 yards further from the station, the one would not have slowed down so much and the other would have been nearer under full speed with the result that the impact would have been far greater and the probability that there would have been loss of life.

Accident on Seaboard.

The Seaboard Air Line train due here at 12:05 o'clock yesterday afternoon did not arrive until nearly 7 o'clock yesterday evening, the cause having been a slight wreck between Cronly and Phoenix, about 16 or 18 miles from Wilmington. The rear wheels under the tender of the engine were running hot with the result that an axle broke and derailed the rear trucks of the tender. The train was reported as leaving Cronly on time and when nothing further was heard from it until late in the afternoon, great anxiety prevailed. A messenger from Wilmington was finally sent up the road to ascertain the cause, and by the time he reached the wreck, the train was ready to proceed.

BRAND NEW DRUG STORE.

Mr. Percy O. Hall's Pharmacy in Richter Building Now Open.

The new pharmacy of Mr. Percy O. Hall in the Richter building, at southeast corner of Fourth and Harnett streets, was formally opened yesterday and those who took occasion to visit the place during the day, pronounce it one of the prettiest and most up-to-date drug stores in the city. The store is fitted throughout with "silent salesmen" show cases and the stock is bright and brand new, making quite an attractive appearance. The finishings in the building are of quartered oak, with plate glass mirrors. A very handsome soda fountain has been installed and a line of the best fruits and extracts will be carried for the benefit of the most aesthetic patron.

A double bicycle delivery will be maintained at all times and a specialty will be made of sending for and returning prescriptions; also giving quick delivery of all 'phone orders. No. 66 will bring a delivery clerk to one's door at no extra cost whatever.

Everything in the new store is brand new except the prescription clerk, who is an "old hand at the business," and a full graduate and licentiate. Mr. Hall invites the public to visit his store at the earliest convenience.

Resigned as Health Officer.

Mr. Thos. E. Davis, the well known printer, who was recently elected a health officer of the city under the new administration, on yesterday resigned the position. The vacancy has been filled by the Sanitary Committee by the election of Mr. E. W. Hewlett, formerly a health officer, and a man of considerable experience.

Building Permits.

The following building permits were granted yesterday: H. P. Munson, two-story, tin-roof dwelling on south side of Ann between Second and Third streets. Ella Nixon, two-story frame building on Dawson, between Ninth and Tenth streets.

INDUSTRIAL PARLIAMENT.

Governor Glenn Names North Carolina Delegates—Gattis-Kilgo.

Special Star Telegram.

Raleigh, N. C., May 9.—Governor Glenn decided to-day to give out the appointments he has made as delegates to the Southern Industrial Parliament in Washington, May 23rd to 25th. The delegates from East Carolina are as follows:

Hugh MacRae, J. Edgar Lewis, Wilmington; O. L. Clark, Clarkton; A. L. James, Laurinburg; W. I. Everitt, Rockingham; W. E. Beasley, Plymouth; G. E. Midyette, Jackson; J. A. Brown, Chadbourn; Frank Wood, W. F. Swaringen, Edenton; J. W. Granger, L. P. Taff, Kinston; N. H. Smith, W. L. Holt, Fayetteville; C. T. Watson, Thomas Daniels, Newbern; J. J. Laughinghouse, Greenville; N. O'Berry, George E. Hood, Goldsboro; William Mayo, J. F. Bruton, Wilson; W. D. Grimes, Washington; Thomas H. Battle, R. H. Ricks, Rocky Mount; A. L. McNeill, Sanford; J. W. Carter, A. J. McKinnon, Maxton; J. F. Jamison, Hamlet.

After another lengthy argument this morning in Wake Superior Court on the question of the continuance of the noted Gattis vs. Kilgo damage suit, the case was set for trial Thursday morning of this week. The judge denied a motion on the part of defendant's counsel for the case to be continued for the term on account of the death of Washington Duke, father of B. N. Duke, one of the defendants.

CAPT. GLENN PARALYZED.

Governor's Brother Suffered Second Stroke in Raleigh Yesterday.

Yesterday afternoon's Fayetteville Observer has the following of interest:

"It is with great regret that we announce the fact that Governor Robert B. Glenn, who was to have arrived here this afternoon, and for whose coming elaborate preparations had been made, cannot come, and especially regrettable in this case of this, the serious illness of his brother and secretary, Capt. James D. Glenn.

"At 11 o'clock this morning a 'phone message was received from the Governor himself stating that, as he was about to board the train for Raleigh for Fayetteville, his brother, Capt. James D. Glenn, was taken off the same train in an unconscious condition, having been stricken with paralysis while on the train enroute from Greensboro to Raleigh.

"The Governor expressed his great regret at not being able to fill his engagements in this county. He was to have delivered the address of the graduating class of the graded school at the armory to-night; to-morrow he was to have delivered the memorial address under the auspices of the Daughters of the Confederacy; and, on Thursday, he was to have delivered the address at the closing exercises of Marvin school."

THE ASSOCIATED CHARITIES.

Married in Florence.

Yesterday afternoon's Florence Times says: "Mr. George Ellis Singletary and Miss Laura Lee High, of Whiteville, N. C., were united in marriage at 8 o'clock last night at the Methodist parsonage. The young couple came in on the train from Whiteville, were met by some friends who accompanied them to the home of Rev. Mr. Beckwith by whom they were married. Mr. Singletary is in the employ of the McKeithan Lumber Co., Lumber, S.C."

Ed. Gerken in New Orleans.

Mr. Ed. Gerken, an old Wilmington boy of versatile talent in newspaperdom, is now sporting editor of the Times-Democrat, the leading paper in New Orleans, La. Mr. Gerken was formerly police reporter on the Democrat. He is making very readable stuff of the sporting section of his paper which is paying particular attention to that department just now.

THE MORNING STAR

AT REDUCED RATES

For the next sixty days we will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

For One Year . . . . $4.00.
For Six Months . . . $2.00.

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.

THE YELLOW COLOR LINE DRAWN.

Southern people will appreciate and understand better than any others the drawing of the yellow color line in California. A dispatch from San Francisco states that the San Francisco Board of Education has taken a determined stand against the admission of Chinese and Japanese pupils to schools where white children are educated. The Board unanimously declares itself opposed to promiscuous association of white and Mongolian pupils and favors the establishment of separate schools for Chinese and Japanese pupils.

We have no doubt that the people who are drawing the yellow color line in San Francisco have the same kindly feeling for the Chinese and the Japanese that the white people of the South have for the colored people in their midst, yet they recognize there is a distinction in race and that it is better for both races not to be indiscriminately mixed in school or in a social way.

The San Francisco prejudice is somewhat similar to the sentiment in the South, but higher up in the British possessions the antipithy to the yellow man is like that in the North against the black man. For instance, the white population of Salmon river, British Columbia, has decided to resist by force the introduction of Japanese and Chinese labor. In the South the negro is not denied the right to work, but to a large extent in the North he is. In California the Chinamen and Japanese are probably allowed to work, while in the North, but over in British territory, they are not permitted to work. These conditions are curious but true.

SUMMER SCHOOL IN RALEIGH.

The Raleigh News and Observer of yesterday says:

"No Summer School will be held at the A. and M. College this year. This decision was announced yesterday afternoon. But this will not prevent the holding of a Summer School in Raleigh this year, and already active and effective measures have been taken to secure a location for the school, and if this may be done, Raleigh will again be the host of a company of fair ladies. There are a large number of teachers in Raleigh who have had a conference on the question of a Summer School and they have decided to hold one on their own responsibility, and they have begun to make arrangements."

We admire the zeal of the lady teachers of North Carolina. The enthusiasm in the cause of education is not alone peculiar to those cultivated Raleigh ladies but we have observed it throughout the State. They are ambitious to increase their efficiency as teachers and progress in intellectuality, and they ought to have the means for doing so. The State could furnish the means if it would do so.

The lady teachers of North Carolina are to be commended for their deep interest and perseverance in their calling, and therefore it is all the more shameful that they are not paid more for their invaluable services. We would like to see the public conscience aroused in this particular.

THE MYSTERY OF IT.

Most of the newspapers are expressing astonishment that from one corner of the United States to the other the people have been unusually interested in the Nan Patterson murder trial, considering the fact that she was only a flip chorus girl and "Ceasar" Young a blackleg book-maker who monkeyed around at horse races. The fact is the case presented an intellectual problem and people were interested in seeing how the skein could be unraveled so as to prove a case of murder under circumstances that made it a mystery whether the chorus girl killed the book-maker or the book-maker killed himself.

It is a wonder that before "Ceasar" Young shot himself he didn't shoot Nan. No one knows but what he took her along in that cab so he could kill her and then kill himself, but that he decided finally that he had made such a fool of himself he would not kill her but end his own unhappy existence. However, we are speculating, and right there is what makes the Nan Patterson case so interesting. It is the unsolved mystery involved in the affair that keeps the people thinking about it.

MUNICIPAL OWNERSHIP.

The Philadelphia Record makes this interesting observation:

The Chicago Tribune has sent a representative to Glasgow to get a few points about municipal ownership, and what he is discovering should be of interest to Americans who advocate municipal ownership because it succeeds in Great Britain. He writes from Glasgow: "Here politics does not enter into the municipal life at all. There are no political divisions in the City Council. There is no means of finding out the political party to which each of the Councilors belongs, except by securing the services of two or three different men acquainted with the individuals, and then they will check them off on their fingers one by one with a good deal of doubt and hesitation as to the accuracy of the count." The Lord Provost has no patronage and no civil service law is necessary because public sentiment would not stand the spoils system. Does any one know any American city where such conditions prevail?

A CHILD LABOR DECISION.

An interesting decision, though one not unexpected, has been rendered in New York.

A boy 13 years old employed in a factory, where his employment was unlawful because he was not 14, secured judgment against the concern employing him, for $2,000 for an injury received from the machinery. The owners of the mill sought to have the verdict set aside on the ground that the boy was guilty of contributory negligence. Judge Gaynor has denied the motion on the ground that the law holds that children under fourteen "do not possess the judgment, discretion, care and caution to be suffered to assume the risk or incur the danger to life and limb of factory work." He said that the child labor law "marks an epoch in the progress of humanity, and the courts should not get in its way or whittle it down, as courts have done in the past."

THE HAMPTON MONUMENT.

Hundreds of North Carolina soldiers who fought under South Carolina's great cavalry leader, will be interested in the following from the Baltimore Sun of Tuesday:

"Mr. F. W. Ruckstuhl, the sculptor of the monument erected on Mount Royal avenue by the Maryland Daughters of the Confederacy in memory of Maryland soldiers and sailors, is at work on the monument to be erected at Columbia, S. C., by the State of South Carolina in memory of Gen. Wade Hampton. He has finished his working model of the memorial, which is to be in the form of an equestrian statue, and will complete the work in Paris this Summer. He is at present at Little Rock, Ark., superintending the placing of the Confederate monument which he designed for the Confederate societies of Arkansas and which is to be unveiled tomorrow."

TWINKLINGS.

—At Asbury Park the other day a man of 95 and a woman of 57 were married. The man has never smoked or drank liquor. Maybe he never had any reason to before.—Buffalo Courier.

—Passenger—"Whatever became of the Rulger family?" Bus Driver—"Oh, Bill turned out fine. Got to be an actor. Tom's an artist; Mary's a music teacher. But John never amounted to much. It took all he could earn to support the others."—Sketch.

—"Gracious, Elsie!" exclaimed the little girl's mother, "why are you shouting in that horrible fashion? Why can't you be quiet like Willie?" "He's got to be quiet, the way we're playin'," replied Elsie. He's papa coming home late, and I'm you."—Philadelphia Press.

—"Suppose the government insists on fixing railway rates?" "Well" answered Mr. Dustin Stax, "It'll be a hard job. Under the present system the stockholders are content. If the government takes a hand neither the stockholders nor the public will be satisfied."—Washington Star.

Henrietta—I think Mr. Wigglebarth in the most insulting creature I ever saw. Hilda—For mercy's sake, what has Charley been doing? I've always considered him the pink of propriety. Henrietta—He may be to you, but he guessed my exact age, and not only that, but also my precise weight.—Boston Transcript.

—Collector—I've motioned to that old man three times, and he pretends not to see me. Now, I'm going to present this bill in the presence of his friends—Office boy—Aw, you chump! He can't see you—don't you know he's blind? Collector—Blind? Then, by George, he's got me—this is payable at sight!—Cleveland Leader.

—A small boy was reciting in a geography class, says The Ladies' Home Journal. The teacher was trying to teach him the points of the compass. She explained: "On your right is the south, your left the north, and in front of you is the east. Now, what is behind you?" The boy studied for a moment, then puckered up his face and bawled: "I knew it. I told ma you'd see that patch in my pants."—Washington Star.

CURRENT COMMENT.

—Nan Patterson is the only person in the world who knows who killed Caesar Young, and this is one time a woman is likely to keep a secret.—Charlotte News.

—A Nebraska paper says: "With a telephone in the house, a buggy in the barn, a rural mail box at the gate, the problem is solved—how to keep the girls and boys on the farm." Same here in Virginia.—Richmond Times-Dispatch.

—It turns out on examination that the late Henry W. Oliver, of Pittsburg—iron magnate—left a fortune of about forty million dollars. This money, like the Carnegie millions, was thrust into Mr. Oliver's hands in the shape of Government largesses. The Government picks the pockets of the consumers of iron and steel to fill the pockets of the makers of iron and steel. And the consumers are taught to cry "amen!"—Philadelphia Record.

—Since it has transpired that Secretary Taft's "personally conducted" tour to the Philippines includes only transportation free, many of the prospective tourists are backing out of it, and it is doubtful whether Secretary Taft's party will excell 20. The warm weather and the long ocean voyage are the alleged deterents from the trip, but it is curious that these features were not thought of until it was known that the trip would not be entirely of the "junket" order.—Portland Argus.

—Tell it not in Gath, but the modern woman is donning half hose. For quite a spell she has affected them as part of her negligee costume before starting out in the morning. Many of the smart shops are displaying them in pretty light shades to wear with the new pumps for street wear. To obviate the trouble previously so annoying caused by their slipping down about the ankles they come with a strong webbing finish at the top, which fits snugly above the calf, provided there is a calf, with no danger of wrinkling disagreeably about the instep. Whether these articles of wearing apparel borrowed from man will be popular or not remains to be seen. At any rate they are to be had in the sheerest lisle as well as silk. Some of them bear embroidered sprigs over their surface, enhancing their beauty.—New York Sun.

—As we said at the outset, the first duty of the Government in Panama after the settlement by which it acquired possession, was to take steps to put an end to the yellow fever prevalent there, before putting any men at work on the mechanical side of the project. The science that was so successfully applied to the extinguishment of yellow fever in Cuba, where it was also prevalent, and even thought to be indigenous as they also say it is in Panama, should have been brought to bear on the Isthmus at once. Valuable lives have been sacrificed already because it was not. The neglect is charged against the old Commission; but, while it probably deserves all the censure that has been visited upon it, the new Commission will not escape it either unless it carries out some active and effective measures at once to secure protection from disease for the thousands of men soon to be employed in canal work there.—Brooklyn Citizen.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt a like new man, and to-day I am cured of all my troubles." Guaranteed at R. R. Bellamy's drug store; price, 50c. ••

COTTON MARKETS.

New York, May 9.—The cotton market was decidedly easier under better weather reports, selling by recent buyers, and a renewal of bear pressure. The opening was easy at a decline of 4 to 10 points in response to much lower cables than expected and official weather advices failing to show the expected rains. There seemed to be some effort on the part of local bulls to check the decline soon after the opening but selling orders came in practically all directions including Liverpool where the market continued easy after the local opening, and New Orleans private advices as to the new crop also seemed less pessimistic, and local bears were emboldened to sell quite freely with the result that before midday prices were off to a net loss of about 10@13 points. There was a rally of about 5 points from that level just before the weekly bureau report was read on covering. The summary of the report made rather bullish reading, but had been discounted, or was less bullish than expected and when the details of the report were published showing fully as favorable an outlook as indicated by the summary, the market again broke under more or less general selling and liquidation. The close was steady, but at practically the lowest or a net decline of 14@20 points. Sales were estimated at 300,000 bales.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored

LION COFFEE, the leader of all package coffees— the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee.
Grind your LION COFFEE rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.

2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

DON'TS 3 { Don't boil it too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.

1st. With Eggs. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.

2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.)

(Lion-head on every package.)

(Save these Lion-heads for valuable premiums.)

SPIRITS TURPENTINE.

—The new bank at Apex, Wake county, will open July 1st. W. H. Harwood will be president and James R. Cunningham, cashier. Apex is also to have a new tobacco warhouse.

—Durham Sun: According to a Georgia contemporary, trust-busting has found its way into the South. The people of Georgia and North Carolina propose to pitch in and knock the tar out of the turpentine "octopus."

—Dr. H. W. McNatt, of Maxton, who has been quite ill for several weeks, first with grip, followed by typhoid fever, is now rapidly recovering. The convalescence of this popular gentleman is very gratifying to his friends.

—Troy Montgomerian: Recent reports from the Eliza Moore gold mine, six miles north of Troy leads us to believe that it is one of the richest mines in this country. Some panfuls of the pure earth, showing more than a pennyweight of gold.

—A charter was issued at Raleigh Monday to the Union Mining and Development Company, of Monroe. The capital stock is $25,000, subscribed by J. M. Fairley, J. P. Buchanan and others. The Bank of Lincolnton, was authorized to increase its capital from $10,000 to $50,000.

—Ground has been broken and materials delivered for the erection of three large brick stores. Two splendid residences which would attract attention anywhere are just being completed, and much painting, repairing, and remodeling, all contributing to the improvement of the place, is being done.

—The twenty-sixth annual meeting of the North Carolina Phamaceutical Association will be held at the Atlantic Hotel in Morehead City on June 22nd and 23rd. The organization was perfected in the city of Raleigh in 1880, and has met each year since at some suitable place, where the business was transacted.

—Raleigh Post: News which will pain many Raleigh friends was received yesterday of the suddent death in New York Saturday of Robert Cochran who was to have married Miss Maldie Lee, of New York city, the youngest daughter of Ex-Sheriff Tim Lee, formerly of Raleigh. Miss Lee is a niece of Col. J. C. L. Harris, of this city. The marriage was to have taken place at 4 o'clock Saturday afternoon and the groom-to-be died that morning and the funeral was held yesterday. The wedding presents had been received and the young people had planned a European trip immediately after the nuptials,

—Charlotte Chronicle: The State Audubon Society and its branches organized in North Carolina several years ago, have been making good progress in the work of protecting the birds and in working up a healthy sentiment for the protection of the feathered tribe. The game law none too strict in their provisions, have been quite generally enforced and already it is noted that birds of all varieties are more numerous than they were six years ago, up to which time havoc had been played in their ranks by severe weather, the pot hunter, the trapper and the rifle of the small boy. Thanks to the name of Audubon, the birds now have a living chance.

—Monroe Enquirer: Mr. J. A. McCollum, of east Monroe township, exhibited a fine gold nugget here last Saturday which was picked up on his farm a few days ago. A large number of nuggets have been found on Mr. McCollum's farm, and tenants on the place are given half the gold they find. A number of years ago the McCollum farm belonged to a man named Gibson. A nugget of gold worth $1,000 was found by an old woman on a road leading through the plantation. Gibson snatched the nugget from the old woman and that act cost him his farm, for the matter was taken to court and Gibson spent his land in lawsuits over the piece of gold. The latter James McCollum bought the land when Gibson was forced to sell it to pay debts.

—Early Sunday morning near Louisburg Sidney Perry, colored, shot and killed his father, Miles Perry, 65 years old. It seems that he woke up and heard his mother and father engaged in a fight, his mother screaming for help, upon which he seized a shot gun and fired, killing his father instantly. Several of the shot struck his mother, with but little injury however. Perry at once surrendered to Magistrate Wynne, as the affair occurred in Hayesville township about 10 miles from town, and Mr. Wynne committed him to jail to await next term of Superior Court. The above is probably the most reliable version of the affair, but another report is that Miles Perry was in the habit of beating the boy's mother and Sidney Perry had told his father if he ever caught him beating her again he would kill him. Upon hearing his mother's screams for help therefore, he snatched up his gun and blew the old man's head off.

—A telegram from Statesville on Sunday says: J. C. Linney, who left here on the 12th of last November, taking with him his baby, who was at that time about ten months old, was arrested in Spartanburg, S. C., yesterday, at the instance of Mr. Julius C. Martin, of Asheville, a brother of Mrs. Linney, on the charge of assault with intent to kill. Metcalf was arrested as a fugitive fro justice from Iredell county. For some months prior to the time he left here last fall, Linney was editor of The Mascot, of this place. There were differences between Linney and wife, which was street talk a few days before Linney went away. These differences culminated in Linney's seizing the child from its mother. He hired a team and left town with the child. Attorneys for Mrs. Linney made application to Judge Cooke, then holding court here, for a write of habeas corpus for the child, and the writ was issued. All efforts to secure the child, nowever, proved futile. Linney left the State and the public has known nothing as to his whereabouts. From the information that can be gleamed at present, it seems that Mrs. Yinney got into communication with her husband, who has recently been at some place in Georgia, and arrangements were made for a meeting as to Spartanburg, for a consultation as to the disposition of the child. Mr. Julius C. Martin, met Linney instead of his wife, and preferred the charge that led to his imprisonment there.

MUST BELIEVE IT.

When Well-Known Wilmington People Tell it so Plainly.

When public endorsement is made by a representative citizen of Wilmington the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.

B. R. King, the well-known policeman, residing at 706 Wooster street, says: "I had terrible pain in my back which worked around to my side and in my stomach, so bad at times that it laid me up. I used internal medicines and they did not help me. I put on plasters and rubbed with liniment, and none of them helped me at all. Seeing Doan's Kidney pills recommended I got a box of them at Bellamy's drug store. The next day after commencing to use them I noticed relief. Since using two boxes of them I have not had an ache or a pain in my back. It is with pleasure that I add my name to those endorsing the cinims for this remedy."

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy New Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Cray, of Calhoun, Ga., writes: "My wife had a very aggragated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs, and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. At R. R. Bellamy's drug store, price 50 c. and $1.00 guaranteed. Trial bottle free. **

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. **

A Creeping Death.

Blood poison creeps up toward the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c. at R. R. Bellamy's drug store. **

The Morning Star.

WILMINGTON, N. C.

Wednesday Morning, May 10.

WARM WIRELETS.

An earthquake was experienced at Bender Abbas, Persia, April 25, and fifty persons are reported to have been buried by a land slide.

At Princeton, N. J., yesterday the ninety-third annual commencement exercises of Princeton Theological Seminary took place. The first Maitland prize in New Testament literature, $100, was awarded to Donald W. Richardson, Nelson, S. C.

The Charleston Academy of Music has been sold to Albert Weiss who owns theatres in Baltimore, Savannah, New Orleans and other cities. The academy was built by the late John E. Owens, and is one of the oldest playhouses in the country.

Rev. Dr. A. B. Kinsolving, of Christ church, Brooklyn, N. Y., is understood to have been called to the rectorship of St. Paul's church, Richmond, the church in which Robert E. Lee and Jefferson Davis worshipped during the Confederacy. He will accept, it is reported.

At Richmond early yesterday Frederick M. Hill, a machinist of that city, while in a state of mental aberration, shot and killed his wife and then killed himself. He fired three bluets into his wife's body and the same number into his own. Hill had been in very bad health lately.

All the officers of last year were reelected yesterday at the annual meeting of the Southern Golf Association, now in session at Savannah. More than two hundred delegates are in attendance from seven States. The championship contests will begin today. There are seventy-six entries with the probability of forty to fifty more before the games begin. New Orleans was chosen as the place for the next annual meeting.

Flavius J. Fisher, a noted portrait painter, died in Washington yesterday, aged seventy-three years. Born in Virginia, he at at an early age was placed in a studio in Philadelphia, later going abroad and completing his studies under the masters in Germany and Paris. He was the first American artist to be admitted to the German Art Institute at Berlin. The interment will occur in Washington.

The annual convention of Sovereign Camp Woodmen of the World began at Chattanooga yesterday. The sessions are being held on Lookout Mountain. A brief address of welcome was delivered by Sovereign Commander J. C. Root, and the several committee reports were made. The election and installation of officers will occurf today. The session will continue three days.

New York reports yesterday that cotton goods, owing to the sold up condition of the majority of the mills, are gaining in strength and in order to insure prompt deliveries some buyres are prepared to pay the slightly firmer prices which manufacturers are now holding out for. The South is displaying slightly more interest in goods. Export business is quiet after a spell of activity. Jobbers yesterday did fairly good business in new Summer merchandise.

The Senate Committee on Inter-State Commerce in session at Washington yesterday decided to expedite the hearings so as to adjourn if possible by May 22nd. C. D. Cone, of Greensboro, N. C., interested in cotton manufacturers in several States, appeared before the committee and opposed any change from the present conditions.

In the annual tennis tournment between the University of North Carolina and the University of Virginia at Chapel Hill yesterday, the former won, the score being 60 to 40. North Carolina was represented in both doubles and singles by Manlius Orr and H. L. Fry. Virginia was represented by W. N. Page and J. C. Packard.

STUDENT DEAD IN ROOM.

Young Man At Yale Committed Suicide or Was Murdered.

By Wire to The Morning Star.

New Haven, Conn., May 9.—Arthur Haserot, a Yale senior, living in Cleveland, Ohio, was found shot to death in his room in Welch Hall, one of the campus dormitories to-day and an investigation into the case is being conducted. Medical Examiner Bartlett stated to-night that he believed death was the result of an accident or suicide but further than that he would not discuss the case. Haserot's body was found by one of his room-mates and after it was viewed by the medical examiner, was removed to an undertaker. The case is being kept very quiet and further than the fact that the young man was found dead nothing official has been given out. A revolver was found near Haserot's side and there was a bullet wound in his head.

INDUSTRIAL PARLIAMENT.

All But Three Southern States Have Appointed Delegates.

By wire to The Morning Star.

Washington, May 9.—At a meeting to-day of the local committee in charge of the arrangement for the meeting of the Southern Industrial Parliament beginning here May 23, delegates were reported as having been appointed from all the Southern States except Tennessee, Arkansas and Louisiana. The governors of Texas, Georgia, Kentucky and Virginia have forwarded official lists of the delegates they have appointed. The president of Georgetown University has offered its law building for the use of the Parliament and the committee accepted the offer with thanks and also acknowledged the co-operation of the various Southern organizations of ladies at the national capital.

GREENE AND GAYNOR CASE.

Defendants Fighting Hard and Depending on Technicality.

By Wire to The Morning Star.

Montreal, May 9.—It was made known before Judge Lafontaine to-day that it is the purpose of the defence in the Gaynor-Greene case to show that their offense is proven, is not extraditable. They will call a number of prominent United States lawyers, the first of whom, Abraham J. Rose, of New York, testified to that effect today. They will also endeavor to prove that the defendants are charged with conspiring in Georgia, while if there was such a conspiracy, they claim it was consummated in New York.

VOLCANO VERY THREATENING.

The Crater of Kilauea May Throw Out a Lake of Lava.

Honolulu, May 9.—The three-mile long crater of Kilauea is constantly agitated. A lake of lava is showing great activity and fears are felt that an enormous mass may be thrown into the city by an explosion and overwhelm part of the Island of Hawaii, and its 25,000 inhabitants. The burning lava in the great the largest in the world, is steadily rising, and should the pressure increase there is great danger of a terrific eruption.

DEATH DEALING KANSAS TORNADO

Marquette Laid Waste by Midnight Storm of Great Violence.

TWENTY-SIX PEOPLE KILLED

Entire Families Blotted Out In Less Than Five Minutes—Great Many Seriously Injured—Houses Torn to Pieces.

By Wire to The Morning Star.

Marquette, Kas., May 9.—When darkness fell upon this stricken town to-night it was konwn that 26 lives had been lost in the tornado that wrecked part of Marquette early today and did much damage in this vicinity, and that 44 persons had been injured. Of the injured 35 were seriously hurt and some of them may die. During the day two victims died of their injuries. Several of the others are suffering from broken limbs and internal injuries. In several cases entire families have been killed. A man named Switzer, a night watchman at the railroad yards, lost his three children. N. P. Nelson with his wife and three children were found dead. Two other children were not at home and escaped injury.

To-night order had practically been brought out of the chaotic condition that prevailed to-day and a relief committee had begun dispensing aid. Among the relief committee sent from outside were 25 pupils from Bethany college who acted as nurses.

The tornado struck the southern end of the fown and cut a clean swath one hundred yards in width through its entire length. Coming as it did at midnight, all the people were caught without a moment's warning. A heavy rain storm had proceeded the wind. When daylight broke over the town it found the entire population in a state of panic. Business was entirely suspended and every one who escaped injury turned his attention toward aiding the wounded.

The tornado seems to have formed three miles south of Marquette and did not spend its force until it had passed many miles north of the town. In Marquette the residence portion of the main street suffered the principal damage. The houses in the course of the tornado were all with two or three exceptions completely wrecked. In this section there were a number of modern residences of which only one was left standing. The Swedish Lutheran and Methodist churches were among the first buildings struck and they, together with the parsonage adjoining the Methodist church, were demolished.

Yesterday afternoon was hot and oppressive. Late in the evening a terrific rain storm broke over the town. The rain continued to fall in torrents until midnight when the tornado struck. Within less than five minutes it had wrought its terrible work and passed on. Telegraph and telephone wires were carried down and it was several hours before the outside world could be apprised of the plight of the city.

It was not until 8o'clock that physicians and surgeons began arriving from surrounding towns. In the meantime dozens of volunteers set to work to clear away the debris and extricate the dead and injured. The Swedish Lutheran parsonage and several private residences were turned into temporary hospitals. The dead were taken to a storeroom nearby. Dr. Lund, the Lutheran pastor, passed about among the suffering, ministering to their comfort, while thirty or forty other persons, working under his direction, cared for the injured at other points.

There were many narrow escapes from death. The infant daughter of Charles Sailon was lifted in her bed and carried to the middle of the street, receiving only a few scratches. Sailon and his wife were seriously injured.

The mattress upon which the baby daughter of the Rev. Smith lay was doubled up in such a manner as to cover the child and protect it from falling timbers. In spite of the destruction of the Smith house, the entire family escaped uninjured.

Mr. and Mrs. O. S. Ellvin were carried on their bed a distance of 500 feet and laid down without being seriously injured.

ROOSEVELT ON RETURN.

People Give Him Enthusiastic Greeting Everywhere on Route.

By Wire to The Morning Star.

Denver, Colo., May 9.—The presidential special train consisting of a baggage car, buffet car, sleeper, private car of the general manager of the road and the President's private car "Rocket," pulled by one of the new monster engines, left the union depot here over the Union Pacific railroad for Chicago promptly at 7 o'clock this morning. Quite a crowd had assembled at the station to see the President off but no demonstration was made when it became known that the President was asleep. The President did not conclude his speech at the Chamber of Commerce banquet until after midnight. He discussed railroad rate legislation and advocated giving the national government increased supervisory and regulatory power over coroprations. Referring to the Panama canal he said he thought it would have a very important regulatory effect on the trans-continental commerce of the railroads. The President urged that justice be done both railroads and the public.

Grand Island, Neb., May 9.—Despite the rain 5,000 people had gathered at to see and hear President Roosevelt. The President, smiling and happy, stepped out upon the rear platform and lost no time in greeting the Nebraskans gathered here. With only four stops for speeches the trip of the presidential special from Denver to this city was uneventful. The speeches were all brief and were devoted almost entirely to the discussion of the country through which the President passed and to the subject of irrigation.

COTTON CROP IN BAD WAY.

Large Area Where There Has Been No Planting.

By Wire to The Morning Star.

Washington, May 9.—The weekly crop bulletin issued by the Weather Bureau says:

Much cotton remains to be planted in Arkansas, Northern Mississippi, portions of Louisiana, and in northern and central Texas, and planting is unfinished in the Carolinas, Northern Georgia, Tennessee and Oklahoma. In central and northern Texas a large area requires replanting and that up is not in very promising condition and is in need of cultivation. In southern Texas, the crop is in better condition, although damaged by rain. Good stands are reported from the central and eastern districts of the cotton belt, where the crop is making in favorable progress, although needing cultivation in Georgia.

A large part of the tobacco crop has been planted in North Carolina and planting has begun in Tennessee. Plants are plentiful in Ohio, Kentucky and Virginia, but transplanting has not begun in these States.

FICTICIOUS BROKERAGE

Firm Charged With Huge Swindling Operations—Has Done Customers for Over One Million Dollars.

By wire to The Morning Star.

New York, May 9.—On complaint of Wridgway Bowker, of Camden, N. J., Judge Lacombe to-day appointed Walter D. Edmunds, of New York, and James D. Colt, of Boston, receivers in this State of the Haight and Freese Company. Bowker's claims against the company amount to $3,300. Roger Foster, counsel for the receivers, charges that the Haight and Frese Company is insolvent, and that it has for a long period been engaged in fictitious brokerage transactions. It is further charged that members of the company have been guilty of misuse of its assets. Receiver Edmunds was in charge of the company's main office to-day but was unable to give any estimate of its assets or liabilities.

Judge Lacombe also granted an order restraining New York banks and trust companies from paying out any money deposited by the firm. Mr. Foster said later that some assets of the firm had been found in the Seaboard and Consolidated National Banks but they were insufficient to meet the debts. Mr. Bowker's affidavit states that he deposited $5,500 with the firm's Philadelphia offices and alleges his account without warning was closed out.

Bowker swears that the firm bought and sold no stocks whatsoever and made up fictitious accounts of alleged stock transactions which were given to its customers. The firm had, the affidavit declares, more than 5,000 customers whose claims amounted to more than a million dollars.

An affidavit made by Arthur M. Johnson, set forth that he had been employed by the firm. He swore that no stocks were bought and sold on margins for customers and explained at great length the method employed by the firm's managers in making up the alleged fictitious sales accounts, so that each customer would be a loser.

Boston, May 9.—The Haight and Freese Company, stock brokers this city, went into the hands of receivers to-day. James D. Colt, an attorney, is receiver of the company, which is a New York corporation. The concern was petitioned into receivership proceedings by Mrs. Anna L. H. Weiss, administratrix of the estate of her husband. In her petition Mrs. Weiss set forth that her husband, who was a stockholder advanced funds which were to be invested by the corporation. She brought suit demanding an accounting and failing to get satisfaction, petitioned for a receivership. The managers of the company issued a statement saying all claims of Mrs. Weiss had been settled and that the company would apply for the cancellation of the receivership.

BOLD STAND BY TAFT.

Declares That Railroads Should Favor Rate Legislation.

By Wire to The Morning Star.

Washington, May 9.—Secretary Taft fairly took the breath of the three hundred railway men, members of the International Railway Congress, dining as the guests of the American Railway Association at the New Willard Hotel, when after being introduced as the "Apostle from the Philippines," he emphatically declared that railway legislation must come; that if the railways of the country were wise they would aid and not hinder it.

Absolute silence reigned as Secretary Taft spoke his mind on the subject of rates. He was positively against government ownership, he said, believing that nothing so deleterious could come to the country as this solution of the question, "but," he continued, "you cannot run railroads as you run a private business. You must respond to the public demand. If there is danger of discrimination then you must allow the establishment of some tribunal that will remedy that discrimination."

The secretary saw no reason why a tribunal property constituted should not be competent in every sense of the word to fix a maximum rate.

President Stuyvesant Fish, of the American Railway Association, answered the secretary at length, taking the view that the law to prevent discrimination, double dealing and secret rebates, was ample and he vigorously called for the enforcement of that law.

Secretary Taft asked for time to reply and made himself even more positive as to his position in favor of legislation which would create a tribunal with authority to name a maximum rate.

Mr. Fish again took up the argument, contending it was a question of fixing the price for the seller of goods.

MASSACRE OF JEWS.

Twelve Killed In Southwestern Russia Sunday.

By Cable to The Morning Star.

St. Petersburg, May 9.—The report in circulation here last night that there had been a massacre of Jews at Zhitomir, government of Volhynia, Southwestern Russia, is confirmed in a dispatch to the Novosti which says the rioting began May 7th and continued for forty-eight hours. Orthodox Christians fell upon their assailants, many being killed or wounded on both sides. Private dispatches from Zhitomir attribute the attack upon the Jews to articles in M. Kroushevan's paper. Twelve persons were killed and fifty were wounded. On Sunday the Jews telegraphed to friends in St. Petersburg to ask the authorities to take strong measures for their protection and orders to that effect were sent. A renewal of the fighting was expected to-day.

Commenting upon this news the Novosti remarks upon the coincidence that M. Kroushevan (the former editor of The Bessarabyetz, of Kishineff, held to be responsible for the massacre of 1903 —at that place), had hardly returned to Kishineff and started the publication of a newspaper, The Friend, before the Jewish massacres commenced in the neighborhood.

London, May 9.—A dispatch to a news agency from Odessa says: It is reported there that thirteen Jews have been killed in riots at Militopol, in the government of Taurida, Russia.

Irkutsk, May 9.—The Circum-Baikal railway has been blocked by an avalanche.

General Algernon S. Badger, United States appraiser for New Orleans, is dead, aged 65. General Badger was in command of the Metropolitan Police in the battle of the 14th of September, 1874, when Governor Kellogg was overthrown and was seriously wounded. In 1878 he was made postmaster and thereafter was collector of customs and later appraiser.

FOLLY OF FRANCE TO FAR EAST WAR

Her Friendship for Russia Has Resulted in Violation of Neutrality

MAY EMBROIL GREAT BRITAIN

Japan Highly Incensed and Considers France's Acts Make Her a Belligent—Rojestvensky Uurged to Move On.

By Cable to The Morning Star.

Tokio, May 9.—The feeling of resentment against France for the assistance given to the Russian second squadron continues to run high and is finding expression in a variety of ways. The nearness of the Russian squadron and the nature of the preparations which Admiral Rojestvensky is known to have made in French waters seem to have suddenly convinced many people that it would have been impossible for Rojestvensky to come to the Far East without outside assistance, which has given a sinister tone to the popular resentment. In the crisis many eyes are turned towards Great Britain for assistance. It is argued that France rescued Rojestvensky from absolute failure to reach the China sea and that the final aid given to the Russians in Indo-China amounts to an act of beligerency and there are many demands that Japan invoke the alliance with Great Britain. The Japanese government has not taken the people of this country into its confidence. Since the Kamranh Bay incident nothing has been officially made known except that the government was making vigorous representations at Paris while proceeding carefully and cautiously, not desiring to resort to extreme measures while hope of an adjustment exists.

France After Rojestvensky.

Paris, May 9.—Orders have been sent to the civil and naval authorities in French Indo-China not to permit the junction within French waters of the Russian naval forces under Admiral Rojestvensky and Rear Admiral Nebogatoff. Instructions have also been sent to Admiral DeJonquieres, the French naval commander, to see that Rojestvensky fully observes the promise he has already given to leave French waters. These orders resulted rfom the receipt of a detailed dispatch giving an account of Admiral DeJonquieres' meeting with Rojestvensky. The dispatch says the Russian squadron made a four days cruise on the high sea outside the three mile limit and then returned last Saturday, anchoring —at Kong-Hai Bay, coast of Annam, to take on provisions and fresh water. When Admiral DeJonquieres was informed of the Russians' return he proceeded to Kong-Hai and requested Admiral Rojestvensky to immediately withdraw outside the territorial waters. The Russian admiral gave DeJonquieres his word that he intended to leave his anchorage and take to the open. He also informed DeJonquieres that in his comunications with the land he had not violated any of the neutrality regulations and that the stops of the Russian squadron along the Indio-China coast were for the purpose of resting the crews. The Russian admiral said he would depart the following day.

The French admiral returned to Hong-Hai yesterday to see whether Rojestvensky promise to go to sea had been carried out and found the Russian warships still at their anchorage but preparing to depart. Admiral Rojestvensky assured him that the entire squadron would leave during the night.

The Seat of War.

Feng Huahuahsien (eighty miles north of Tie Pass, Manchuria.) May 9.—All was quiet at the front. The weather is warm and the Liao river is flooded. The main line of the Japanese extends from Syaopuori to Santsiatsi and to Kaiyuan, with heavy forces at Fakoman and south of Tie Pass. The Japanese troops along the upper reaches of the Hun river are less numerous but the information here regarding their disposition is not exact as the Japanese movements are well screened by cavalry. Chinese are constantly moving back and forth between the lines and spies among them doubtless convey much information to and from the opposing forces but it is almost impossible to prevent this without stopping the field work which is now in progress.

Armada Sighted.

Hong Kong, May 9.—The German steamer Neumuhlem arrived here today from Colombo, March 28, and reported having sighted forty-five vessels of which twenty were warships, in the vicinity of Kamranh Bay, Annam, May 5. The coasting steamer Haimun, which also has reached this port observed a Japanese cruiser off Amoy, straits of Formosa.

Nebogatoff Shows Up.

Paris, May 10.—A dispatch from Saigon to the Petit Journal says:

Nebogatoff's squadron appeared at daybreak of May 9, twenty miles off Cape St. James, preparing to ascend the river to Saigon where the commander expected to find the necessary orders for effecting a junction with Rojestvensky and revictualling his fleet. He was hailed at sea by a scout belonging to the Russian second Pacific squadron which communicated to him France's desire that the junction of the Russian squadron should occur outside of Indo-China waters. Negogatoff then disappeared on the open sea, sailing toward the second squadron which doubtless is waiting off the Annam coast.

SCHUTZEN FEST JUBILEE.

Good Time Among German Citizens of Charleston.

By Wire to The Morning Star.

Charleston, May 9.—Nearly a thousand men representing Schutzen clubs of New York, Jacksonville, Savannah and Charleston, were in the parade that marked the second day of the golden jubilee Schutzenfest of the Deutsche Schutzen Gesselschaft of Charleston to-day. Out at the platz there was speech-making and a luncheon. President Kroeger, of New York, head of the National Schutzenbund, to-day turned over to the Charleston committee the funds and properties of the organization as the national fest is to be held here in 1907, except the golden eagle, a trophy presented by Emperor William which remains in President Kroeger's care until the national fest opens. The jubillee fest continues throughout the week.

FEDS AND CONFEDS TO HOBNOB.

Army of Potomac Will Have Reunion at Manassas.

By Wire to The Morning Star.

Washington, May 9. — Beginning Thursday the Society of the Army of the Potomac is to hold a re-union at Mannassas, Va., and the veterans of the Confederate armies are to be their hosts. The van guard of the visitors left Washington to-day, and it included a large delegation from Brooklyn. Among those going were General Horatio C. King, the president of the society, and Mrs. King, Major General Daniel E. Sickles, General John R. Brooke, General M. T. McMahon, General Jno. T. Lockman and others. An interesting programme has been provided for the two days of the re-union.

CHICAGO STRIKE GROWING

Disorder Less in Evidence Yesterday That Heretofore—More Teamsters Joined in The Strike.

By Wire to The Morning Star.

Chicago, May 9.—The large department stores and the express companies to-day resumed busines in almost a normal basis. They sent their wagons into the extreme parts of the city in some instances without police protection and transacted their business without interruption or trouble of a serious character. Sixteen hundreds were at work to-day, and the number will be increased to-morrow. Notwithstanding this apparent gain, however, there are stron indications tonight that the strike will spread within the next few days, not only among the steamsters but among other unions as well. The drivers of the Wenig Teaming Company, a large concern chiefly engaged in delivering flour, went out to-day when one of their number was discharged for refusing to deliver flour to a boycotted house. The Wenig Company is a strong factor in the Team Onwers' Association which has heretofore sided with the Teamsters' Union than with the Employers' Association. Its stand in line with the latter organization was something of a surprise to both sides in the struggle.

In some quarters it was feared that the strike of the Wenig Company drivers would produce a shortage in the supply of flour, but the officers of the company say to-night that they have a supply sufficient to last the city for a week and that at the expiration of that time they will be able to make deliveries as before. For some time this afternoon it was reported that a strike of the teamsters employed by the Crane Company was imminent. This concern is an immense manufacturer of elevators and plumbing supplies and its shut down would be a serious deteriment to many building operations now in progress. The threat to strike was cussed by the discharge of two teamsters who refused to make deliveries as ordered. The officials of the union sanctioned the strike, but it did not occur. An adjustment was reached of some kind, but the statements of the Chicago Crane Company and the labor leaders differ as to its character.

There were numerous clashes in the streets to-day between non-union men and the police and union teamsters who attempted to block the passage of the wagons of the Employers' Teaming Company. There were also a number of attacks on non-union mne by workmen in buildings who were pelted with all sorts of missiles from a safe distance. These fights were all in the character of rear guard attacks and bore no resemblance to the open violence committed last week. The most serious fight of the day was at Lake and Clark streets, where union teamsters formed a blockade and brought about a conjestion of traffic and a series of fights that blocked the streets in that section of the city for the greater part of an hour. Nobody was seriously hurt and numerous arrests were made by the police.

Coal teamsters in the business section of the city were the especial objects of attack by workmen in buildings near which they drive. As soon as they were discovered missiles of all sorts were showered upon them, and in several instances it was necessary for the wagon guards and the police to send a volley of buleits flying toward the windows. Nobody, however, was shot during the day.

TO HANG A WOMAN.

New Way to Get Sentence of Death Postponed.

By Wire to The Morning Star.

Trenton, N. J., May 9.—Judge Lanning in the United States district court to-day refused to grant a writ of habeas corpus applied for by counsel for Anna Valentina who was to have been hanged at Hackensack, May 12, for the murder of Rosa Salza. Counsel for the condemned woman claimed that she had not had a fair trial, but county prosecutor Koester, of Bergen county, denied this allegation saying the trial had been impartial.

Judge Lanning then said it was not the custom of the Federal courts to interfere with the State courts by issuing writs of habeas corpus. An appeal to the United States Supreme Court was thereupon taken on the refusal to grant the writ.

The appeal will probably postpone the execution of Mrs. Valentina for some time.

New York, May 9.—Gustavo Tosti, acting consul general for Italy in New York, to-day said he had received instructions from his government, both from Rome and Washington, to spend $100,000 if necessary in the defnse of Anna Valentina. He declared that she had not been given a fair trial and that the treaty between Italy and the United States which guarantees to Italian subjects the same consideration as citizens of this country had been violated. Application will be made to the Federal courts to review the case of Mr. Tosti said and he will engaged a prominent New Jersey criminal lawyer to defend the woman.

WIPING OUT THE FAMILY.

Texan Who Killed Captain Dunovant Shoots His Brother-In-Law.

By Wire to The Morning Star.

Houston, Texas, May 9.—Edward Calhoun was shot and killed on board an incoming San Antonio and Arkansas passenger train at Wallis to-day by W. T. Eldridge, of San Antonio, Texas, formerly vice president and general manager of the Cane Belt Railroad. Calhoun is a brother-in-law of Captain William Dunovant, who was killed by Eldridge about three years ago on a passenger train on the same road. Eldridge was recently acquitted of murdering Captain Dunovant.

To-day's tragedy grew out of the murder of Dunovant and subsequent attempts made upon the life of Eldridge. Eldridge was shot through the lungs by an unknown party but recovered. Dissension over the control of the Cane Belt Railroad in which Eldridge and Dunovant were jointly interested resulted in the killing of Dunovant since which time a fued is said to have existed between relatives of the deceased and Eldridge. All of the parties are prominent.
